## SWIMMING POOL PACKET

For the safety of those who may be using your swimming pool or may be near your swimming pool, the Village of North Aurora requires a permit for all swimming pool installations. A swimming pool permit will help ensure life safety standards and help prevent accidental injury or drowning.

During the permit process, we will assist you with code compliance and provide guidance with Village requirements regarding zoning regulations. We will provide on-site inspections by a building inspector to assure that all work has been completed safely.

To assist you in completing this process, we have prepared this informational packet. If you have any questions, please feel free to contact us at the Building Department and we will do our best to help you with your project.

As required by code, all swimming pools shall provide a forty-eight (48") inch barrier.

Two (2) copies of your plat of survey shall be required. Please use the survey to create a site plan.

**Please read the additional code sections provided and contact this department as needed.**

BEFORE YOU DIG, CALL J.U.L.I.E. AT 811
