SPRINKLER PACKET

A permit is required to install a sprinkler system. **Under the Illinois Plumbing Code a State Licensed Irrigation Installer must install all sprinkler systems.** State of Illinois plumbing code **also** requires that all sprinkler systems include an "RPZ" backflow prevention device.

The State of Illinois also requires that a person installing a sprinkler system and an "RPZ" shall be an Illinois registered plumber, with an irrigation contractor's registration - issued by the **Illinois Department of Public Health (IDPH)**. Please provide verify and confirm compliance with all state requirements.

RPZ's must be inspected every year by a qualified professional. RPZ records shall be kept up to date with "BSI Online". This is the homeowner's responsibility to comply.

The Village of North Aurora also requires an inspection of the RPZ valve upon the completion of the initial installation.

No sprinkler heads are allowed in the parkway or in any easement.

ALL PLUMBING WORK MUST BE COMPLETED BY A LICENSED PLUMBER:

Public Act 094-0132:225 ILCS 320/37 from Ch. 111, par. 1135.

A letter of intent shall be included with all permit applications including plumbing. The letter of intent shall be written on the licensed plumber of record's business stationary and shall include the license holder's signature. If the license holder is incorporated, the license holder's corporate seal must be included. If the license holder is not incorporated, the signature on the letter must be notarized.

Two copies of your plat of survey are required at time of application with the location of the sprinkler heads. Indicate the location of the RPZ on the site plan.
