

## Snow & Ice Removal Services Questions and Answers Submitted 7/31/2020

1. Should we quote the price per push or seasonal?

The Village pays the contractor each snow event per vehicle based on the hourly rates that you provide in the tables on pages 9 and 10 (if you are offering prices on alternate vehicles and equipment)

2. Can you provide the route map for pricing?

Yes, the route map is on the web site:

<https://northaurora.org/pdf/Bid%20Specs/2020%20Bid%20Specs//Snow%20Plow%20Routes%20-%20Labels.pdf> . Again, pricing is based on the hourly rate assigned to each piece of equipment.

3. Are the vehicles/equipment on page 9 required for this RFP?

These are the vehicles that we feel most efficiently and effectively plow our roads. If you have alternate equipment that you would like to use. Please provide that on page 10 with a description and proposed hourly rate.

4. Is it mandatory for our firm to have snow removal experience on municipal roads?

Yes
