

Township Assessors Information

The properties within the Village of North Aurora fall under four different Townships: Aurora Township, Batavia Township, Blackberry Township and Sugar Grove Township. Townships are charged with 3 major duties by State Statute: Assessment of real property; Assistance to the indigent, and maintenance of bridges and roads within the township not served by other agencies.

Your Tax Assessor is responsible for maintaining a file for every property located within the township and is required by the state of Illinois to assess these property taxes to uniformly assess properties at a median level of 33 1/3% (one third) of market value. Equitable assessments ensure a fair distribution of the property tax burden among all property owners. Local property taxes pay for such items as village and county services, schools, libraries, park districts, roads, fire and police protection.

The following is a list of the Townships and contact information:
