To: Village President and Village Board of Trustees

Cc: Steve Bosco, Village Administrator

From: Natalie Stevens, Executive Assistant

Date: July 2, 2020

Re: Website Redesign

The Village of North Aurora approved in their budget for the 2020-2021 Fiscal Year improvements to the Village's website to both update the content management system and the website design to make it more up-to-date and user friendly.

Village Staff has been working with the website company, Weblinx, to create a new design for both the website and its mobile counterpart and the designs have gone through several revisions based upon Staff feedback. Staff is now seeking the Village Board's input on any additional changes to the design. To note; the content and information displayed can and will be changing in several cases and this design is a mock-up to show what the pages will look like.

Please find the desktop and mobile versions of the North Aurora Village website attached for review.

ILLINOIS BUSINESS GRANTS AND ASSISTANCE PROGRAMS

The State of Illinois recognizes the immense burden the COVID-19 crisis has placed on many businesses across our state, with many facing a disproportionate impact due to their inability to operate, loss of revenues or recent property damage due to civil unrest. [Read more...](#)

FREE BULK ITEM PICK-UP OPTIONS

Did someone say free bulk item pick-up? We know many of you have been missing the annual Spring Clean-Up, which Waste Management postponed due to COVID-19 safety concerns. For our clean-up events, Waste brings in additional trucks just for bulk items that generally have more than one driver per truck and given circumstances they have not been able to safely do so. [Read more...](#)
