Village of North Aurora

DECEMBER 2021 / JANUARY 2022

Village President - Mark Gaffino

What a busy year 2021 has been! There has certainly been a lot going on in the world and through it all the Village has remained committed to doing all we can to best serve our community and to keep it safe while still providing all Village services and working on projects to better our community.

We've had numerous residential developers express interest in our town and we've worked hard to make sure that those proposed homes are a good fit for all of our residents. We've also worked with a number of non-residential developments and businesses to continue to grow North Aurora. The Village successfully completed the 2021 road program that saw 2.75 miles of road resurfaced in the Village and are in the process of installing a sidewalk on the east side of Route 31 in an effort to

increase pedestrian accessibility. We hosted our very first Fall Fest on the Fox — an all-day music festival down at the Fox River and due to the success and interest the Village Board recently decided that next year's North Aurora Days will be hosted at North Aurora Riverfront Park as well — and a second round of the Village-wide scavenger hunt to encourage residents to explore our community and its beautiful parks and features. The Village also received for the fourth consecutive year the Government Finance Officers Association (GFOA)'s Triple Crown, which recognizes governments who have received GFOA's Certificate of Achievement for Excellence in Financial Reporting, Popular Annual Financial Reporting Award, and the Distinguished Budget Presentation Award.

Thank you all for a wonderful 2021 and looking forward to 2022! Happy New Year!

Snowfall Reminders

During snowfall events, residents are reminded that there is **No Parking** after **2 Inches** of snowfall on Village streets. The Village of North Aurora strives to clear our roads of snow and ice as quickly and safely as possible and vehicles parked on the streets can impede the process. Parking tickets can be issued and vehicles towed at the owner's expense, so please do your part to both avoid a penalty and help to keep our roads clear.

It is also illegal for snow to be dumped, shoveled, or blown into the road, as this delays the snow removal process and can cause dangerous situations.

North Aurora Water Division: Preparing Your Home For Winter Weather

Frozen water lines and damaged meters can happen due to cold temperatures. Residents and business owners can prepare and take steps to avoid their water lines from freezing during these extreme temperatures.

Some homes in the Village have their water meters in the garage, crawl space or in close proximity of an outside wall while some townhome developments were built with a "meter closet" that contains all the meters for each owner/ occupant of that building. In many cases during these extremely cold temperatures and wind chills, both these outer walls and closets do not stay warm enough to keep the pipes/meters from freezing. The Water Division has outlined several such steps to best protect your home:

- Residents and businesses should always keep the thermostat set the same during both the daytime and night.
- Open cabinet doors to allow heat to get to pipes under sinks (especially if it is on an outside wall).
- Seal air leaks coming into your home near any water pipes with caulk or insulation. Insulate pipes near any source of cold air coming into your home.
- If your pipes are susceptible to freezing you should leave water moving through the pipes by letting a faucet drip or trickle slightly. Moving water helps prevent pipes and meters from freezing.
- Do not leave your garden hose hooked up to your outside faucet. This can trap water in the valve portion of your faucet outside, freeze and burst causing a leak and potential damage to your home.
- If you plan to leave town or be away from your home or business for an extended period of time, you should always leave the heat set above 55 degrees and have a friend or neighbor check your house/business daily to make sure the heat is sufficient to prevent freezing.

For more information call the North Aurora Water Division at 630-897-2662.

Police Department News and Information - 630-897-8705

Visit Santa at the Police Department

The North Aurora Police Department will be hosting a walk-thru Santa visit. Come visit Santa at the North Aurora Police Department on December 4, 2021 between 1:00 pm and 4:00 pm. Follow our Facebook page (www.facebook.com/NorthAuroraPolice) for more exciting information in the near future.

Holiday Shopping Safety Tips

With the holidays coming up and shopping increasing, here are a few tips to best protect your purchases. **Retail Shopping:**

- Put packages and bags you purchase out of sight in your car.
- Make sure to always lock your vehicle when exiting.

Online Shopping:

- Bring packages inside as soon as possible, or have a neighbor pick them up so they are not sitting unattended.
- Sign up for delivery alerts with the delivery company and request signature confirmation on deliveries.

Toys for Tots

The North Aurora Police Department is once more participating in Toys for Tots and collecting new, unwrapped toys. The collection box is available in the NAPD lobby until early December. The lobby is currently open from Monday through Friday from 7am until 8pm and closed on weekends and holidays.

Public Works News and Information - 630-897-8228 ext. 260

Holiday Garbage Pick-Up

UPDATED: Garbage pick-up is **NOT delayed** due to any holidays (Christmas or New Year's). Please put out your garbage on your normal pick-up date for the weeks of December 19 and December 26.

Christmas trees will be collected until the end of January **FREE** of charge. Christmas trees cannot be in plastic bags and must be free of <u>all</u> decorations. Trees over 6' need to be cut in half. After the last trash collection in January, any Christmas trees at the curb for pick-up will require one (1) refuse sticker, visibly affixed, to be collected.

Mailboxes

During snow removal operations it is not uncommon during some snow events that mailboxes are damaged. In snow events where there is a high water content creating a heavier snow, damage is more likely to occur. Mailboxes are typically damaged by the snow that is being cleared from the roadway. In these circumstances the Village does not replace the resident's mailbox. However, if damaged to the point where mail will not be delivered, then the Village will provide a temporary mailbox until the damaged one is replaced by the resident. If the mailbox is struck by the plow, the Village will reimburse the resident up to \$100 for the replacement and installation of the new mailbox. Please call within 48 hours of the damage to allow Public Works time to inspect the mailbox to see if the Village is liable.

Snow Removal

Snow removal is based on street usage and levels of traffic. Priority streets are plowed first followed by secondary streets that collect and distribute vehicle traffic between the local street system and priority streets. Cul-de-sacs, alleys, dead ends and sidewalks will be plowed last, as they are the least traveled. Fire Hydrants: Whenever possible, residents are asked to help the North Aurora Fire Protection District by clearing snow from around the fire hydrant on or near your property.
