

Addendum Number 1

**Lovedale Lane, Offutt Lane, Clearwater Drive, & Fox River Crossing Water Main
Improvement Project**

Issued February 16, 2024

Addendum Description

The Calendar Completion Date for the project is being changed to June 30, 2024. Additionally, an Appendix is being added that shows an allowable location for storage of equipment and materials. The Schedule of Quantities page 18 and 19, as well as page 7 of the Special Provisions is being updated with the new Calendar Completion Date. Appendix D is being added showing the storage location.

Action Required

1. Please sign below acknowledging the change.
2. Return this page with your proposal.
3. Replace Original Pages 18 & 19 with Revised Pages 18 & 19 of the Bid Proposal and complete and return with your proposal.

Start Date	March 25, 2024
Calendar Completion Date	May 31 June 30, 2024

Construction operations shall be conducted in a manner such that streets will be open to emergency traffic and accessible as required to local traffic.

TRAFFIC CONTROL

Traffic Control shall be in accordance with the applicable sections of the Standard Specifications for Road and Bridge Construction, the Supplemental Specifications, the applicable guidelines contained in the Illinois Manual on Uniform Traffic Control Devices for Streets and Highways, any special details and Highway Standards contained herein and in the plans, and the Special Provisions contained herein.

Special attention is called to Articles 107.09, 107.14 and Section 701 of the Standard Specifications for Road and Bridge Construction and the following Highway Standards relating to traffic control:

701301-04 701427-05 701501-06 701601-09 701701-10 701801-06 701901-08

IDOT District One Standards:

TC-10 TC-22

The Contractor shall obtain, erect, maintain and remove all signs, barricades, flagmen and other traffic control devices as may be necessary for the purpose of regulating, warning or guiding traffic. Placement and maintenance of all traffic control devices shall be in accordance with the applicable parts of Article 107.14 and Section 701 of the Standard Specifications and the Illinois Manual on Uniform Traffic Control Devices for Streets and Highways and the attached special provisions.

Traffic Control and Protection for any work within State right-of-way (IL Route 31) must comply with the requirements set forth in the Highway Permit issued by the Illinois Department of Transportation.

This work will not be paid for separately but be considered included in the contract unit prices.

STARTING AND COMPLETION

The Contractor agrees to execute the contract and bonds satisfactory to and in the forms prescribed by the Village in the sum of the full amount of the contract, guaranteeing the faithful performance of the work in accordance with the terms of the contract within **fifteen (15)** days after notice of award of the contract.

The Contractor further agrees to begin work not earlier than **March 25, 2024**, unless otherwise provided, and to prosecute the work in such a manner and with sufficient materials, equipment, and labor as will ensure its completion with the time limit specified herein, it being understood and agreed that the completion within the time limit is an essential part of the contract.

The Contractor shall provide the Village with a schedule of work. Contractor shall provide a two-week notice of when construction is to begin, to allow for the Village to issue notifications to water customers to meet IEPA requirements for potential lead line disturbances.

The Contractor shall schedule their construction operations in such a manner so as to meet the following completion deadlines:

- Obtain Final Completion of the entire project by ~~May 31, 2024~~ **June 30, 2024**.

APPENDIX D
