NEW BUSINESS

1. Green Thumb Property Recognition Program

Community Relations Coordinator Natalie Stevens went over the new scoring rubric for the Green Thumb program, which clarified categories to overall appearance/aesthetic, creativity and color, and total points increased from 15 to 20 to allow for a greater range of scores. The Committee was in favor of the rubric and requested that the maps be printed larger for easier viewing. They also asked if there was a way to indicate where the property address was located and Stevens said she would make that information a requirement of the nomination.

2. Entryway Sign Plantings

The Committee was presented with three different options for plantings to beautify the Village's entryway signs. Public Works Director Brian Richter said things could shift slightly based on the general land area, but these were fairly accurate. Plants were picked for their hardiness to salt as well as drought. Committee members discussed the various designs as well as weeding and upkeep and ultimately selected design #3.

3. Street Pole Banners

The Committee discussed the location of additional street pole banners and ultimately chose to keep it to the locations of Orchard and Randall (where there are eight poles existing) and also to set them up down the Orchard Gateway corridor. The Committee also discussed various seasonal designs to change the banners out more frequently.

4. General Discussion / Project Updates

The Committee discussed North Aurora Riverfront Park again regarding having some sort of art displayed. Mayor Mark Gaffino said something needed to be done with the gears; if needed one

could be kept and updated with sandblasting but noted that Sperry itself actually contaminated the soil and had poor working conditions and said most don't even know what the mill is or was to keep showcasing it. The Committee liked the idea of some sort of sculpture garden and a rotating one of donated or rented pieces.

Director Richter noted that the Village had been contacted by two companies to try to sell flowers. He said he didn't know if the Committee wanted to stick with Schaffer's or look into another option if better pricing was available. He also updated the Committee that the Veterans Memorial was getting a throughout cleaning and the best attempt was going to be made to get the calcium off the fountain.

With no further business, Mark Gaffino made a motion to adjourn the meeting at 6:43 pm, which was seconded by Joel Unroe.

Motion to Adjourn: All in Favor

Respectfully submitted,

Natalie Stevens
